Nine Injured By Auto Accidents In This District

Four Injured When Auto Gets Out of Control On Grade

Motor vehicle accidents accounted for a number of major injuries and considerable damage to cars and trucks in this area during the past week.

Nine people were treated for hurts resulting from three accidents, seven of them being treated at the Tahoe Forest Hospital.

Four young people were injured Sunday morning at 1:55 when a car driven by Mari Moe of Berkeley overturned on Donner grade below the bridge after striking a guard rail, careening across the highway into a snow bank and then upset.

The driver and Lt. Paul T. Correll of Baker Air Force Base, Donald Maltzahn of Kentfield and Barbara Campbell of Piedmont were all taken to the hospital. Correll had a broken leg and Miss Moe suffered a broken wrist, chipped hip bone and chest injuries. Maltzahn was treated for a broken shoulder. The injured were taken to the hospital by Truckee ambulances.

Patrolman William Gautsche cited the driver for speeding, being on the wrong side of the highway and not having her vehicle under control.

Three Vehicle Mishap

Harvey W. Freeman, Sacramento, was cited for being on the wrong side of the highway after an accident involving two cars and a state division of highway grader operated by William Stout of Soda Springs one mile east of Rainbow. Freeman was in the local hospital for three days. The driver of the second car, Amberto E. Regi of Marysville was also cited for being on the wrong side of the highway and not having his car under control.

Also injured in the mishap were George Banko and Letha Everett, both occupants of the Regi car.

Truck Driver Cited

Sigurd H. Hedin of El Sobrante was cited for speeding, being on the wrong side of the road and not having control of his truck after the tanker and trailer, west bound, crashed into a car driven by Myron Malcolm of San Francisco three miles west of Soda Springs.

The truck was registered to the Richfield Oil Company and Patrolman Sturcke said evidence pointed to too much speed for the condition of the road.

The trailer, he said skidded into the Malcolm car, causing the truck to go out of control and overturn. Hedin was not seriously hurt but Malcolm and his passengers, Angel Malcolm and Harvey E. Drone, both of San Francisco, suffered minor injuries.

BROTHERS NIGHT PLANNED BY OES

Chapter 116, Order of the Eastern Star will observe Brothers' Night at the Masonic Temple on Tuesday, April 6 at 8 p.m., Worthy Matron Dorothy King has announced.

Entertainment and refreshments will be provided by men of the organization, and several men will be initiated into the order, all of which portends a pleasant evening.

All Eastern Star members are invited and urged to attend.

Art Instructor Speaks At Wyethia Meeting

The Wythia Club will hold it's regular meeting tomorrow evening at 8 p.m. in the Tahoe Truckee High School.

Robert Briggs will speak on art and a student exhibit will be viewed.

Mesdames Robert Bick, Robert Buddle, Henry Beck, Omar Alexander will be refreshment hostesses for the evening.

JACK DUNNE WILL SERVE ON BOARD

TAHOE CITY—Jack B. Dunne, Tahoe City merchant, has been appointed commissioner of the Tahoe City Fire Protection District by the Placer County Board of Supervisors.

He will take office Monday when the three-year term of A. M. Anderson expires.

McCRARY RETIRES FROM RAIL WORK

Mr. and Mrs. Nate McCrary of Roseville were in Truckee during the weekend and while here the former observed his birthday on Sunday. McCrary announcd that he is now retired from active service with the Southern Pacific after being a locomotive engineer for many years.

The couple plan to return to Truckee this summer.

Louis Moretta, Veteran Lumber Worker, Dies Rites At Sacramento

Death claimed another of Truckee's long-time residents last Thursday when Louis Moretta, 78, expired following a lengthy illness.

Funeral services were held Monday under the direction of the Truckee Colonial Mortuary at East Lawn in Sacramento.

The deceased was a native of Italy born March 19, 1878. He came to this country when a young man and took up his residence in Truckee in 1898, 56 years ago. He was employed for many years at Hobart Mills in the lumber industry but for a number of years had been retired.

A brother, John Moretta died a year ago and the deceased is survived only by a niece, Miss Menia Moretta an employe of the Bank of America and a nephew, Richard, a Southern Pacific employe, both of Truckee.

JUSTICE FINES AT TRUCKEE EXCEED $2000 FOR MARCH

The Truckee Judicial District Court added another $2,487.50 to the Nevada County treasury as the result of fines and fees collected during the month of March.

The bulk of the total, $2,209 came from traffic violations, while $205 was from criminal cases; $22 from fish and game law violations; $19.50 from civil fees and $32 from the recently enacted penalty tax law.

As usual, it is expected that the Truckee court returns far exceeded the combined income from all other courts in the county, Judge F. W. Wilson said.

ALBERTA COOPER HEAD JUNIOR TAC

Miss Alberta Cooper was elected president of the Junior Truckee Athletic Club at the organizational meeting held last night at the Veterans Memorial hall. Tom Grow was chosen as vice president and Miss Ruth Osburn was chosen for secretary and Miss Linda Loynd will be the treasurer.

The next meeting will be held at the Truckee Elementary School on Tuesday, April 13 at which time a definite program of activities is to be discussed and formulated.

All young people between the ages of 12 and 20 years are invited to participate in the new organization.

More than 60 attended the meet last night.

Lions Hear Student Speakers At Meeting

Young speakers from the recent Lake Tahoe Lions Club oratorial contest presented the program for the Truckee Lions Club last night at Donner Lake Lodge, with E. V. O'Rourke as program chairman.

Charles Heller presided and the student speakers were Barney Gilmore, Carol Wilson and Nikki Ann Wing. Guests for the evening included Mr. and Mrs. Otis Wing, Jack Stewart, Glenn Lee and R. A. McQuaid, the latter from Carson City.

TRUCKEE CHAMBER WILL DISCUSS ROADS

An important session of the Truckee Chamber of Commerce is scheduled for Tuesday, April 6th at Brown's Cafe.

President Howard Newsham said a discussion will be held regarding the proposed four-laning of Highway 40 as it pertains to Truckee. Local streets and roads may also be discussed with an aim for improvements.

SON IS BORN

Mr. and Mrs. J. R. Wolert have returned from San Francisco where the latter was in attendance after their nephew and niece, Mr. and Mrs. Ernie Kaaschlief, former Truckee residents, became parents of a 10 pound baby boy on March 19.

Meets Parents

Mrs. Walter Haug of the Sugar Bowl has returned home after a flight to Salt Lake where she met her parents who were making a business trip west from their home in Chicago.

Study of Tahoe Pier Fee Order Asked By State

Possibility that Abandoned Piers May Be Taken Out Looms

The state lands commission has instructed its staff to resurvey its system of fees for permits for boat houses and piers on Lake Tahoe and to investigate the possibility of removing abandoned pilings which are hazards to boating.

Rufus W. Putnam, executive officer of the commission, said he will visit Lake Tahoe to discuss the problems with property owners as soon as meetings can be arranged, perhaps early this summer.

Putnam also announced owners of docks or piers who receive permits from the state are not required by law to hold them open to public use.

The state on December 1, 1953, began charging rental fees for structures extending into the lake ranging from $5 to $100.

There are two classifications, recreational and commercial.

Putnam also stated he will reexamine these in view of the possibility of establishing a third category for piers which are not used for direct financial gain but are a part of a resort facility.

The lands commission has issued 25 permits and is processing 61 others. There are 225 owners of structures on the California side of the lake.

One of the aspects of Putnam's investigation into removal of abandoned pilings will be to determine whether the United States Army Corps of Engineers should do the work or whether the state is responsible. A joint project also will be studied.

ABBOTT HEADS NEW BUILDERS EXCHANGE

KINGS BEACH — The second meeting of the Tahoe-Sierra Builders Exchange, a group designed to embrace all building contractors throughout this region, will be held at the North Tahoe Gun Club tomorrow, Friday, at 8 p.m. and all contractors interested in their welfare and future are urged to attend.

Asa Abbott has been elected president of the exchange with W. H. Ball, vice president and Jack Felte, secretary.

The meeting tomorrow was called to outline future plans and organizational matters and to hear and discuss reports from the committees named at the organization meeting last week.

Rules and regulations governing the exchange will be adopted.

Girl Scouts To Entertain Guests at Dance April 3

Girl Scout Troop No. 2 will entertain guests at a dance to be given Saturday evening, April 3 at 8 p.m. in the Wyethia Club building.

Springlike decorations in yellow and green will be used for the occasion, with Nancy Kaspian, Rosalie Frates, Janice Notley and Janet Allen in charge of the arrangements.

Carol Ann Quilici and Dorothea Frey will be junior hostesses with Mrs. Nat Quilici and Mrs. Fred Pedley serving refreshments and acting as chaperones for the group.

Attorney Moves Office To Masonic Building

Francis Robichaud announced this week that he will move his law office to the second floor of the Masonic Building by Monday, April 5, to be located opposite the office of R. N. Little.

Robichaud said that his office hours will be 9 to 12 and from 1 to 5 p.m., Monday through Friday or by appointment.

Osts at Donner Lake—

Mr. and Mrs. William Ost have returned to their Donner Lake resort from Wilmington where they spent the winter months.

Reedy Back—

John Reedy is now opening his Motel having returned this week from Santa Barbara.

SUNBEAMS

By WALTER M. BARRETT

Unless there is a radical change in the current outlook, there is one, and only one, way in which the Truckee district can avoid the unpleasant system of bowing before an unsympathetic board of supervisors for the rights and benefits that should be expected for a town of our population. That one way is through incorporation, thus unifying the area into a workable city system, governed by people with local interests and mindful of local problems. We are not going to discuss the mechanics of incorporation at this time, but would like to point out that in Truckee the need is probably more necessary than in thousands of other communities where the edicts of the supervisors may fit the needs of all parts of their county as a whole. Here we have community problems, such as our streets, winter activities and recreational and cultural potentials, as well as numerous other purely local matters which apparently fail to stir any interest from the supervisors, intent upon entirely different questions. We are not criticizing our one representative on the board. He has done and is doing far more than can rightly be expected, but it becomes more and more obvious that despite his best efforts a condition has arisen which no reasonable argument can overcome. It is apparent that if our problems are to be solved then we must take very definite steps to solve them ourselves. It is reasonable to assume that for the most part, men currently charged with the administration of the county as a whole, are not too concerned over Truckee's welfare. Their interests are naturally not ours and our problems are obviously not theirs. Incorporation quite likely will not meet with unanimous approval nor will it provide any utopian condition, but by all means it should be given a chance before we are left out of the county picture entirely except as a valuable source of tax revenue.

WETBACKS NABBED BY LOCAL PATROL

Seven Mexican nationals, accused of illegal entry into the United States, were apprehended Sunday by Sergeant Ed Freeman and Patrolman Martin Sturcke of the California Highway Patrol. The alleged wetbacks were spotted by the officers repairing a tire on their ancient vehicle near Big Bend and questioning soon revealed, Sergeant Freeman said, that they were en route from Yuma, Ariz. to Central California.

Officers of the U. S. Emigration office at Sacramento came for the seven Monday.

Girl Scouts Plan For Nut Sale In Truckee

At the regular Tuesday meeting final plans were made for the nut sale to be carried on by the Donner Girl Scout Troop, for the purpose of raising funds for summer camping. Mixed nuts and salted nuts in cans were distributed to each girl and will go on sale in Truckee Saturday.

Proceeds will be used toward sending girls to a 10-day session at the Washoe Girl Scout Council established camp at Meek's Bay. Miss Grace Donohauer, executive secretary of the Council, will show her color slides of camp life to troop members, parents, and others interested at the Truckee Elementary School April 5.

Posters on Girl Scout camping have been placed in store windows in town by the girls.

Garcia Baby Home—

Mrs. Ralph Garcia and infant daughter, Sandra May returned home from Reno, Nevada where the latter was born on March 17. The baby's birth weight was 8 pounds 1½ ounces.

In Hospital—

Mrs. Tony Polyanich underwent an operation at Reno this week.

School Board To Hear Discussion On Ski Program

Cancellation of Ski Meet Results In Action By Board

Cancellation of a ski field day which had been tentatively scheduled for March 18, but which had been called off by school officials, has caused a mild furore among some students and parents, and has resulted in a meeting of the governing board of the Tahoe Truckee Unified School District being called for Monday to air the complaints.

At the same time it was indicated by W. A. Loynd, president of the school board, that the meeting would explore the future of skiing activities for the schools of the district.

Whether or not the program is justified will be the main topic of the meeting. There are those who vigorously oppose any cut in the program, while there is possibly an equal or greater number who believe the expense and time taken from regular school subjects does not justify the program and wish it dropped as a regular thing, it was pointed out.

The meeting promises interesting discussion and conclusion and those interested in the subject are invited to attend.

The session will be held at the high school in Truckee starting at 8 p.m.

AWARD WINNING SHOW HERE SUNDAY

In keeping with their policy to provide late and noteworthy entertainment for their patrons, Mr. and Mrs. V. C. Shattuck of the Donner Theater have booked "From Here to Eternity," the 1953 award winner, which will be shown locally Sunday and Monday, April 4 and 5.

Featured in the picture are Montgomery Clift, Bert Lancaster, Debora Kerr and Frank Sinatra, all winners of Oscars at the recent Motion Picture Academy.

The picture was rated as the top production in the motion picture industry during 1953.

Girl Scouts, Brownies Receive Art Awards

Girl Scouts and Brownies held their annual art tea for their mothers and guests Monday as a start of the art festival sponsored by the Wyethia Club.

The names of the Girl Scouts and Brownies receiving art awards and the type of work done by them are as follows:

Girl Scouts—Watercolor: Rosalie Christensen, Rosalie Frates, Cynthia Reynolds, Donna Barnes, Carol Patnoude.

Charcoal: Rosalie Frates, Janice Notley, Carol Ann Quilici.

Brownies—Charcoal: Terry Ellis, Deede Frates, Kathleen York.

Watercolor: Donna Gracik, Linda Elf.

Crayon: Betty Boysinger, Leilani Braasch, Ginger Barnes.

Chalk: Lynn Quartley.

Mrs. Helen Trask and Rafael Jolly, Truckee artists, were the judges and a number of mothers and guests enjoyed the affair.

Cubs Receive Awards; Plan Hatchery Visit

Cub Scouts, their leaders, parents and friends assembled at the Truckee elementary school auditorium Tuesday night for the March Pack meeting during which a number of the boys received their awards from Glenn Lee and Gilbert Kumle. Each of the dens presented a portion of the entertaining program under the direction of the den mothers and a brief business session concluded the evening.

Lee announced that Sunday, April 4, the cubs have been invited to inspect the fish hatchery at Tahoe City. Those desiring to make the trip will be provided transportation if they will meet at the elementary school at 1 p.m.

It was also announced that the cubs will participate in preparing a section of Trout creek for planting of catchable sized trout. The two-mile portion of the stream has been set aside for the exclusive use of local children.

Theft of 1500 Pounds Of Poultry Near Here Is Being Investigated

Deputy Sheriff Roy Waters today indicated that a Federal Bureau of Investigation probe of the wholesale theft of 1500 pounds of dressed chickens from a truck stalled near Floriston last week is being made.

Waters said the truck loaded with poultry for the Campbell Soup Company was disabled and was left beside the highway awaiting a tow truck. The vehicle apparently was looted during the time it was left.

Another chicken theft was reported by Paul Rausch who told Waters that he lost 39 chickens from his ranch at Polaris Tuesday night.

Long Fight To Retain Water In California Cited In Old Files

Files of the Truckee Republican for August, 1926, show that at that time the Chamber of Commerce was actively opposing the diversion of water from streams in California for use in the State of Nevada.

A committee at that time was composed of C. Edmunds, W. L. Maynard and R. A. Tonini and this group was unanimous in its intention to use every legal means to carry out the purpose for which they were appointed, mainly to block an application by C. S. Wheeler of Reno to divert several hundred more inches of water from the Little Truckee river for irrigation purposes in Nevada and also diversion of water from both the Little Truckee and the Truckee for power purposes at a point near Boca.

The recent action of the Truckee Public Utility District in opposing construction of the Stampede Dam and the diversion of Little Truckee river water directly into Nevada via a five-mile tunnel parallels the action of the Chamber of Commerce more than 25 years ago.

GODIE SCHUETZ IS BACK IN HOSPITAL

Godie Schuetz, official at the sk school at Sugar Bowl, who last fall started the season most unfortunately by breaking his pelvis in an accident, Monday was again admitted to the Tahoe Forest Hospital, this time with a broken left leg.

Schuetz' condition is described as good by Dr. Sidney Kase who is attending him.

Just prior to the most recent unfortunate mishap, Bill Klein, another ski expert who has been supervising the ski school at Sugar Bowl, returned to that popular resort after undergoing treatment for multiple injuries suffered during the winter when he crashed into a pole. He is again able to supervise the school and is looking forward to greeting all his friends.

BEALE GETS MORE AID AS AIR BASE

WASHINGTON, D. C.—Lieutenant General H. R. Harmon, the Air Force official in charge of Air Academy problems, has reported Beale Air Force Base in California is located near enough to metropolitan centers to get top consideration as a site for the Air Force Academy.

This was disclosed by Congressmen Clair Engle and John E. Moss following a special conference with Harmon to discuss the question of a location for the proposed Air Academy.

Harmon reported the Air Force wants to select an Academy site within a "reasonable distance" of metropolitan centers to give future Air Force leaders all possible cultural advantages.

24 Inches of Snow On Ground at Tahoe City

TAHOE CITY—With 24 inches of snow on the ground at Tahoe City, spring is having a little rough going in making its 1954 debut. Continued light showers of snow were current during the past week and temperatures have ranged from a low of 15 last Friday morning to a high of 50 on Saturday.

The lake level stood at 6227.87 feet Monday with two gates open into the Truckee River, Cooperative Observer Art Frodenberg reported.

Stockton Box Is Improving Mill; Planning To Open

New Type Saw Now Being Installed As Work Is Continued

The Stockton Box Company sawmill operation in Truckee is being given an extensive overhaul in preparation for the opening of this seasons operation.

This overhaul program includes a complete change in the headrig and repairs to the carriage, edger, resaw, trimmers and burner. In addition to this a new 339 CFM air compressor has also been installed in the sawmill this winter.

This repair program is being supervised by James Lakey, sawmill foreman for the Stockton Box Company.

With reference to the change in headrigs, the 60-inch double circular saw headrig has been taken out and is being replaced by a nine-foot Filer and Stowell band saw. This change necessitates the addition of a separate 32- by 40-foot filing room on the north side of the sawmill.

The majority of the repair work has been completed and work on the filing room is proceeding on schedule. Preparation is being made for the arrival of the band mill which should be in Truckee on April 1.

Plans for this season calls for cutting twelve million feet of pine and fir logs. The Truckee Lumber Company handles the logging and hauling for this operation.

George Kaspian, owner of Truckee Lumber Company, announced this week that he will do all his own logging this season, which necessiated the purchase of additional logging equipment. His plans at present are to start falling logs on April 15 with delivery to the mill to start about 10 days later.

Lew A. Baysinger, local manager for Stockton Box Company, announced that the sawmill operation should start about May 1.

VERNON FILES FOR TAHOE UTILITY JOB

TAHOE CITY—C. W. Vernon, incumbent director, has filed his nomination petition to succeed himself as a member of the board of directors of the Tahoe City Public Utility District at the election scheduled for May 4.

Vernon has been president of the board since the first election in 1939.

TIME EXTENDED ON RED CROSS DRIVE

Mrs. Fosten Wilson reported that up to Wednesday approximately $200 has been realized in the current Red Cross fund drive.

April 7 is the date to which the collecting drive will be continued and Mrs. Joe Mattos located in the Justice office here will accept donations from those who have not been contacted.

Rotary Club Returning To Brown's Cafe Mon.

The next meeting of the Truckee Rotary Club will be held at Brown's Cafe at 7 p.m. Monday. The club will continue to meet there hereafter, but during the three weeks the cafe was closed the club met at various other local eating places.

STORM FAILS TO ADD MUCH MOISTURE

Precipitation for the past week until Wednesday amounted to .43 with a total for the month of March of 5.08, according to Tahoe Forest Service survey.

The normal for March is 4.30 although precipitation for the season to this point was only 21.60, with the normal for the same length of time 23.73.

Rotary Donates New Flag To Hospital

The Tahoe Forest Hospital Monday was the recepient of a new eight by five-foot American flag presented by the Truckee Rotary Club. The hospital staff and officials were pleased with the gift which was presented by President Johnny Richards.

Art Displays

Local store windows this week are exhibiting art work done by high school students, Girl Scouts and Brownies.

Friday afternoon the art exhibit at Capitol Hall will be open to the public.

Cafe Reopened

Brown's Cafe which has been closed for three weeks while Mr. and Mrs. Earl Brown enjoyed a deserved vacation, was reopened for business Monday morning.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS) — Obviously, there are arguments on both sides of the question as to whether it is important for the state of California to maintain a civil defense program.

The special senate committee on Governmental Organization, headed by Senator George Miller, of Contra Costa county, which has submitted a partial report on the subject, feels, however, that the lack of positive action on the part of the federal government, is sufficient to warrant a recommendation for abolition of the state agency.

The California program in the event of disaster, the committee says, is complete in so far as the state's responsibilities are concerned, and embraces a program of civil defense which contemplates use of the maximum abilities of the state to cope with an enemy attack of any magnitude.

Achievements of the civil defense program, which has been under the surveillance of Major-General W. M. Robertson, have been largely beneficial to the state in that the efforts made both by manpower and erpenditures are valuable in the event of a disaster of any type.

However, "indefinite continuance of this agency as a civil defense agency, without federal guidance or substantial change in world affairs, is neither justifiable nor practical," the Miller reports says.

In recommending that after the next fiscal year the agency either be abandoned or its functions turned into a State Disaster Agency, the report says the existing staff "is more extensive now than in the last fiscal year, and is substantially more extensive than would be required for a state disaster agency."

The report also points out that the Ground Observer Corps is a responsibility of the federal government, and should be maintained as such. Therefore, state funds, the report says, should not be used to carry out this responsibility.

However, the achievements of the agency, according to the report, should not be discarded, but should be maintained within the framework of a disaster agency so that the state will have at all times a program at a high state of readiness to meet any emergency, either natural or man-made.

The state's participation in civil defense is an outgrowth of World War II days, and was engendered primarily through the desire of citizens to contribute something to the defense of the state in the event the need should arise.

With establishment of the state agency, the work of stockpiling materiel to carry out the purposes of civil defense, particularly in the event tan atom bomb ever should hit California, went forward, and the state has invested some millions of dollars in medicines, blankets, stretchers, and other necessities.

This stock-pile is available through the sub-organizations in cities and counties, which were set-up at the instigation and under the supervision of the state agency. Undoubtedly, if the legislature does abandon the state agency as such, the functions of over-seeing the local agencies will remain in the proposed disaster agency.

In other words, there is no desire or intention to abandon the functions of civil defense, but reorganization of the agency, and eliminating some of the functions may save the taxpayers money.

Help keep our roadsides clean. Don't throw trash from your car.

SAFETY AWARDS FOR BICYCLE RIDERS GO TO LOCAL CHILDREN

Awards for safety in riding bicycles were given at assembly in the Truckee Elementary School last week. The following pupils passed the test and inspection; Sammy Medford, Mary Ann Faulkner, Donna Barnes, Kathleen York, Donna Gracik, Karen Smart, Terry Ellis, Frances McGwinn, Patty Finnegan, Lyla Frates, Vicki Firpo, Karen Pitts, Tura Ann Kaylor, Lydia Craig, Stephanie Cozzi, Linda and Judy Giovannoni, Dorette Rose, Jimmy Loynd, Merrill Englehart, Roy and Dennis Chaney, Martin Kumle, Joe Montano, Frank Bode, Terry Walker, Quenton Kay, Martin Johnson, Clark Kydd.

TED KOHLER WILL SEEK REELECTION

Theodore A. (Ted) Kohler, Jr., announces hi scandidacy for his fourth term as public administrator of Nevada County.

The candidate is no stranger in Nevada County. He was born, raised and educated in the Grass Valley, Nevada City area. Kohler was first elected to office in August, 1942 and successfully reelected in 1946 and 1950.

In asking support at the election, Kohler promises to conduct his office in the same capable and efficient manner that he has shown the past 12 years. His office is charged with the duties of administration an ddistribution of estates of deceased persons without wills or heirs or whose relatives reside outside California.

Kohler is active in fraternal and civic affairs of Grass Valley, was formerly secretary of the Grass Valley Junior Chamber of Commerce, past president of Quartz Parlor, Native Sons, a member of the Grass Valely Elks Lodge and is currently treasurer-auditor for the City of Grass Valley and an employe of Steele Supply Co. for the past nine years.

The candidate is a son of Theo. A. Kohler, Sr., retired pioneer Grass Valley businessman, is the husband of Faye Kohler and father of one son, Keith. He is a property owner and lives in Grass Valley.

AUDUBON CAMP ON SUMMIT WILL OPEN IN JUNE FOR YEAR

Summer sessions of the 1954 Audubon Camp at Norden, Calif., will begin on June 27, according to John H. Baker, president of the National Audubon Society, which operates the camp.

Five two-week sessions are designed to give participants an acquaintance with all phases of nature. Situated in the midst of the High Sierra, the camp location is ideally suited to nature study. Field trips to Lake Tahoe and the Nevada desert are included in the camp itinerary.

The staff, which includes trained naturalists and biologists, will be under the direction of William N. Goodall, Pacific Coast representative of the National Audubon Society.

Enrollment is limited to 50 students per session. Two units of upper division college credit are available for those registering for such credit and successfully completing the two-week course.

The California camp is one of three operated by the National Audubon Society—the others are in Maine and Connecticut—as a means of increasing public knowledge and interest in the out-of-doors as well as presenting a practical method of nature and conservation education.

SALE OF FISH LICENSES LAGS FOR THIS YEAR

SACRAMENTO (CNS)—The state department of fish and game has reported the sale of 1954 angling licenses during January and February lagged behind 1953 sales.

Up to March 1, sales totaled $231,000, compared with $242,000 for the two-month period last year, the department said. Sales for all of 1953 amounted to $3,552,000.

Tahoe Items

by Jeannette Mitchell

Dear Friends and Neighbors — 'Pears like our month of March is going "out" like the proverbial Lion! But with our hearts full of spring kinda helps to melt that snow mighty quick.

A card from the Howard Guth's informed us they were enjoying some of the sights of Baja Calif. and headed for Los Angeles. We will soon be seeing them around again.

Harry Mead is back with his cheerful hello and getting ready for summer business.

Janet Watson has returned home again and is much better—all our best thoughts and wishes are for her definite recovery in full.

Word from Evie Waters tells us that the Easter Cantata is progressing beautifully and with wonderful cooperation from all. The title of the Sacred Dramatic Easter Cantata is "Thomas and the Risen Lord" with text by Valerie R. Lehman; Music by Ruth Dale. Pianist will be our local Laura Wilson. Characters will be Craig Pingree portraying John, Doug Wilson as Peter Billie Verner as Thomas, Duane Pomin as Mary, Kristine Soultau as Deborah and Linda Frodenberg as salomi. Sopranos: Beccy Shontz, Kristine Soultau, Joan Wray, Carol Wilson, Marjorie Royal, Linda Frodenberg, Evie Waters; altos: Joan Verner, Duane Pomin, Betty Starratt, Ruth Droste. Solos by Carol Wilson and Duane Pomin and a duet by Betty Starratt and Evie Waters. The cantata will be held at the Community Center, 11 a.m. Easter Sunday morning.

Easter Sunday the Rev. R. Wetmore, missionary from Reno will be present to conduct the services. April 4 Dr. Graves, well known here will arrive at the Tahoe City Community Center and will preach a sermon. Dr. Graces is from the Baptist seminary in Berkeley. Attendance at the Sunday School in Tahoe City is holding its own with 23 young people attending last Sunday—it is hoped as spring brings better weather that more parents will see their children receiving this opportunity to attend this Sunday School.

Many friends of Mrs. Mary Chism who was associated with Mrs. Ruth Droste last summer will be very sorry to learn that Mary, after having joined her hubby on Guam, had an attack of coronary thrombosis and is within the confines of the Navy Hospital on Guam.

Understand Fred Main is still quite ill in his home at Laguna Beach—Fred you know came down with pneumonia just after the Boat Show in San Francisco—can't keep a good man down though and we'll be mighty happy to see his smiling face around about up here again.

Our kiddies at Lake Tahoe Elementary put on an assembly last Friday and we proud parents were invited to view the dramatic abilities of the small fry; it was surprising what the youngsters were accomplishing when one realizes that they themselves decided what they would contribute towards the program. Each of the youngsters did his part well and with pride.

Learned that a Mr. George W. Hawkes, an elderly man of some 80 years passed away suddenly while on his visit to Squaw Valley with his son. Mr. Hawkes resided at 2901 Yellowstone Lane in Sacramento. Tom Dolley took the body to Colfax and Harry Johanson was deputy coroner—the gentleman carried no identification whatsoever and his son was later found to be going up on the lift.

We are so happy to know that young Lewis Fellows has won the European Tour. Winners of the special Kneissel Strolz European ski tour contest sponsored by the Saska Ski Equipment Company of Malibu also included Olive Fiddis of Long Beach. Our Lewis Fellows being one of the nation's leading junior skiers. Last Sunday, Lewis competed in the National Giant Slalom at Reno on Slide Mt. but had a little misfortune due to the wrong wax making his descent too slow and putting him in 19th place with Jimmie Baker of Tahoe City holding 10th place.

Monday morning Lewis left immediately for Sun Valley to represent California in the American Legion Western States Junior Championship which will be held this coming weekend. Ray Fellows, Lewis' father, has accompanied his son to Sun Valley. Marjorie is home packing for the European trip which she will do with her son.

They plan leaving Tahoe City April 5 by car to San Francisco and will leave on the 6th via United Airlines to New York — leaving there the morning of the 7th on the Scandinavian Airlines to Zurick Switzerland—going by car to Austria with two weeks skiing at Lecham Arlberg guests of Ambrose Strolz, father of the Austrian ski racer Martin Strolz. On the way home Lewis and his mother, Marjorie, will stop in Paris, London, Dublin, Glasgow, spending a couple of days in each and thence on home via New York, expecting to arrive home around May 9 or 10. Bon voyage.

This winds up the news from this orbit for this week — remember friends I can only tell others what you know—so don't hesitate to contact me.

A Chamber of Commerce Board Director's meeting to be held at Tahoe Inn, 7 p.m. Friday, April 2. Dutch treat dinner, public invited.

The Hal Sharrows and daughter Linda enjoyed the past weekend motoring up from San Anselmo to visit the Imon Mitchell's.

Wilma and Steve Korich back from Las Vegas—our welcome mat is out!

Miss Sue Carlyn Kaiser became the bride of Raymond Wehle at Holy Trinity Catholic Church in Honolulu on March 27. The bride is the granddaughter of Henry J. Kaiser who spends the summer at their place at Tahoe Pines.

John Rayburn of Lake Tahoe proved to be top shooter at the Sacramento Trapshooting Club on Sunday, tieing for first in the 16-yard event with 25 out of 25 and hitting another 25 targets to claim the handicap test.

SAFTEY FIRST

IF

IF everyone would realize pedestrians on the street
Have just as much th right-of-way as those upon the seat,
And train their eyes for children who run recklessly at play,
This steady toll of human lives would drop from day to day.

IF everyone who drives a car would heed the denger signs
Placed by highway engineers who also marked the lines
To keep the traffic in the lane and give it proper space,
The accidents we read about could not have taken place.

AND last — if he who takes the wheel would say a little prayer,
And keep in mind those in the car dependent on his care,
And make a vow and pledge himself to never take a chance,
The great crusade for safety then would suddenly advance.

TRUCKEE PUBLIC UTILITY DISTRICT

"A Tax-Saving, Public Service Enterprise

NORTH TAHOE

by HARRY CHARRISON

Well — here we are: Each and every one in the whole community wishing the best of everything in this world for Dr. Jose A. Nessim. As you read in the last edition, he was married to Miss Fredda Safdeye on Saturday, March 27 at Beverly Hills. Dr. Nessim has been not only a medical man in this community, but has been public minded and during the big storm of '52 he worked on several very important committees doing splendid work for the area. Now we hope that we shall not be losing him as a physician although, Dr. Sklar is, I am told, doing a remarkable job in his profession.

The Charlie Matthews of The Rustic Cottage Court, came back as usual just when a snow storm was in progress, but Charlie says they missed all the others. In any case, he says, it is wonderful to see that old lake churning up.

The Wee Kirk of the Pines is certainly going ahead. Last Sunday morning was wonderful. No less than 78 were in attendance at the morning service, including young people. This is most gratifying not only to our new pastor, Mr. Covher, but to those who have worked so hard for the church during the past few years. A new choir has been formed and did a splendid job last Sunday especially being their first try. It consisted of Mr. and Mrs. Bill Ahltof, Mr. and Mrs. Jack Felte, Mr. and Mrs. Bob Crichley, Mrs. Covher. Mrs. Ruth Mizner was at the organ. Hope I didn't miss anyone. Work has been coming along famously on the rooms above the auditorium, but there is quite a lot to be done, so we welcome anyone that would like to help. Don't want you to feel slighted, or if your pocket boon feels cumbersome there is still lumber to be bought. We want to make our fine minister and his wife comfortable as soon as possible.

We had the very great pleasure in receiving a fine donation for the church building fund from our friends Mr. and Mrs. Julius Gold, this was appreciated no end by the members. Thanks Julius and Neva.

Well, who was under the weather the past week, I just don't recollect. But anyway he's back on the job, with his Sierra Sun column this week. Good for him, Huh?

Had a phone call from our granddaughter last Sunday from Pasadena. Joellyn says she expects to be back at the lake around the 10th of April. That lil ole call was worth a million.

Lillian Rood was telling me that she had Marsha Dudley, a young girl that attended the Tahoe Truckee High School, up for a few days. Marsha is presentely attending San Jose State College, but could not resist the temptation of coming up to the lake. She says its really wonderful to be here even though it's only for a day or two.

Also Larry Rood who has been in Palo Alto for quite a while, comes up to spend the weekend with his family about every other week. Glad that Larry is doing well down there. They have a nice home in Kings Beach.

Now we know the name of Bill and Mrs. Miedema's sweet wee baby girl, and the name is as pretty as she is—Robin Lynn. Just as cute as can be.

The Kings Beach school principal is really holding his head high these days. The reason is Henry and Mrs. Sams are the proud parents of a beautiful daughter born at the Truckee Hospital with Dr. Sklar in attendance, and her name is Kathleen Renee. Congratulations Hank and Mrs. Sams.

It was a welcome sight on Monday to see some of those big trees in front of Buckhorn and the telephone office coming down. This is something that is badly needed. The heavy traffic during the summer months makes it positively necessary as they have long created a hazard both for through traffic and in parking. It would be good if all trees that were a hazard were taken down from the Truckee short cut through the business section of Kings Beach.

Lions don't forget to remind your best girl that Tuesday, April 6 is Ladies night at Sierra Lodge, but there will also be a pre-meet at one of our good Lions homes. A 100 per cent attendance is requested.

Harry Mason and family of Lakepoint resort were up over the weekend, and I understand brought some friends with them who are intending to buy some property and build a resort in the area.

Lots of activity with the Pacific Tel & Tel around the Kings Beach area. Every effort is being made to get the DIAL system installed by the end of May.

Dorothy O'Brien reports that despite the chilly atmosphere on the first day of spring, the young folks in her neighborhood took a cold but exhilerating swim in the lake.

Tahoe-Truckee School District News

DONNER TRAIL SCHOOL

During Social Studies we gave talks for the group on the early railroads in the United States and in England. Some of the children gave talks on the early canal system in the U. S. A.

The smaller children are busy painting their houses for their community 2-dimension map. They are painting the houses exactly as they see them from the bus or as they see them when at home. We finished about seven books on our community this week.

TAHOE LAKE SCHOOL KINDERGARTEN and FIRST GRADE—The following people in our room took part in the school assembly held last Friday.

Jayne Shontz, Gregory Moore, Donnie Bury and Pat Watkins recited, "My Shadow." Pat Dempsey, Cathy Conners and Jake Obexer said the poem, "The Swing." Next Julianne Bechdolt, Allen Edge and Stephanie Snyder sang a song, "The Ice Cream Man." Susan Wright, Joyce Randall and Christine Litke entertained with Robert Louis Stevenson's poem, "Time to Rise," and Lannie Poulsen, Jeff McLane and Dale Mitchell recited "Rain." Roberta Buford, sixth grader, was the announcer for our part of the program.

SECOND, THIRD and FOURTH GRADES—Students participating in our part of the school assembly included Chipper Marvin, who put on a play called "Donald Duck;" Gloria Drum and Erica McLane who sang "Tadpoles;" Karen Henry, Janis Giannini and Kim Turner who sang, "All Around the Cobbler's Bench;" Karen Grahn and Betty Proctor who sang "The Mill" and "It Is No Secret;" Danny Conners, Bill Gorham and Mike Marvin who sang "America the Beautiful" and "There are many Flags;" and Sharon Quinn, Jeanne Spitsen, Danell Pomin and Karen Henry who put on a play called "The Bank." Mike Wright was our announcer.

FOURTH, FIFTH and SIXTH GRADES—Opening our part of the assembly were Jeff Davis and Trent Giannini who sang, "Oh, My Darling Clementine." This was followed by a skit called, "Dennis and Menace" which featured Roberta Buford, Diane Speeter, Sherry Briner, Sherry Thatcher, Ellen Rich and JoAnn Pomin. Next on the program was Chris Poulsen who played a piano solo, "Home on the Range." Bill Verner, Doug Ball, Trent Giannini and John Gorham then put on a mystery entitled, "The Case of the Green Spinach." Our program was concluded with a skit and song called "Daisy," performed by Diane Speeter and Roberta Buford.

Doug Ball announced our part of the program and Albert Gelmstedt was the curtain puller.

About 30 parents and small children came as guests and said they enjoyed the program greatly.

Jimmy Heuga returned from a week's stay at Sun Valley, Idaho, last week. He skied every day and foreran a girls' slalom race.

TRUCKEE SCHOOL FIRST GRADE—The boxes, cans, and wrappers for the first grade play have been coming in this week. The store will be open on Monday with the class labeling, pricing, and decorating the various items.

Many mothers and fathers came to visit the classroom this week for Parent-Teacher conferences.

SECOND GRADE— We saw a movie, "What Makes Day." Afterward we darkened our room and turned the flashlight on our globe.

Those having all of their spelling words correct this week were: Betty Baysinger, Sherrian Donnis, Leilani Braasch, Dianne Cardinal, Bruce Falconer, Gary Costa, Liane Kay, Evelyn Hintz, Lynn Quartly.

FOURTH GRADE — By Donna Gracik and Jimmy Osburn — This week Mrs. McLane was our teacher when Miss O'Brien was ill. Mrs. McLane taught us a new song.

We saw movies on Mexico and some slides on it.

Barry Leamon brought us some records about "Bonzo and the Circus" and we all liked them very much.

Dorette Rose brought a picture of the Mt. Palomar telscope near Los Angeles.

SIXTH GRADE—By Arlene Copeland — This week Diane McGihon came back from Cave Junction, Ore. She learned that myrtlewood is a valuable tree. The wood of this tree has to be cured for five years be fore it can be used. It is sometimes cured in mud. It makes beautiful gifts.

Our study of alcohol, narcotics and tobacco is progressing well. Susan Scow has written Alcoholics Anonymous for reading material and Martin Kumle has received a reply from the Women's Christian Temperance Union in Illinois.

Mrs. Fern Schlueter has written from Oakland that she expects to return to Tahoe City early in April.

Ski Slubs from this vicinity competing in the National Ski Association's slalom last weekend were the Sugar Bowl and Jim Baker for the Lake Tahoe Ski Club.

Lt. Lyman Griswold formerly of Washington, D. C. is leaving this week for his Navy Air Station at San Diego following a visit with his daughter at Tahoe City.

Mr. and Mrs. Norman Mayfield have returned to Tahoe City from Sacramento.

Leaves for Home—

Mrs. Emma Keiningham of Reno who has been visiting her son-in-law and daughter, Mr. and Mrs. Rex Reid left for her home last week.

State of California
Department of Public Works
Division of Highways
NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on April 21, 1954, at which time they will be publicly opened and read in the Assembly Room of said building, for constructing State Highway in accordance with the specifications therefor, to which special reference is made, as follows:

Placer and Nevada Counties, at various locations, between Gold Run and 2 miles east of Soda Springs (III-Pla, Nev-37-D, E, B), about 5.8 miles in net length to be surfaced with road-mixed surfacing.

Bids are required for the entire work described herein.

The foregoing quantities are approximate only, being given as a basis for the comparison of bids, and the Department of Public Works does not, expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work, or to omit portions of the work, as may be deemed necessary or expedient by the Engineer.

In accordance with tne provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Classification	Rate per hour
Apprentice (oiler, fireman or watchman)	$2.27
Bootman	2.18
Fireman in hot plant	2.38
Flagman	2.00
Heavy duty repairman	2.77
Heavy duty repairman - helper	2.27
Laborer	2.00
Operator of jackhammers, vibrators and all air, gas and electric tools	2.10
Operator of power shovel and-or other excavating equipment with shovel-type controls (up to and including one yard)	2.93
Operator of power shovel and-or other excavating equipment with shovel-type controls (over one yard)	3.10
Power grader operator (power planer, motor patrol or any type power blade)	2.93
Roller operator	2.77
Tractor operator	2.77
Truck driver (less than 4 cubic yards water level capacity)	1.99
Truck driver (4 cubic yards and less than 8 cubic yards water level capacity)	2.09
Truck driver (8 cubic yards and less than 12 cubic yards water level capacity)	2.29
Truck driver (12 cubic yards water level capacity or more)	2.49
Any classification omitted herein not less than	2.00

Overtime—Not less than one and one-half (1½) times the above rates.

Sundays and holidays—Not less than one and one-half (1½) times the above rates. The holidays which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

Plans may be seen, and forms of proposal, bonds, contract, and specification may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bids will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

TAHOE FOREST ACTIVITIES

Organization Sites

One interesting phase of forest recreation which provides a summer vacation for scads of folks from is the forest program of use of certain lands for large groups or organizations. These organizations are of a public or semi-public nature, such as Scouts, 4-H Clubs, etc. It is estimated that about 14,000 young people enjoy the forest each year because of this program.

The Forest sets aside plots of land of approximately 5 acres in size along lakes or attractive streams. This area is of sufficient size to provide for buildings to house about 250 persons and to give a degree of privacy.

The main objective of this program is that the group will have a base from which to operate and to enjoy forest recreation in hiking, swimming and other outdoor activities. No effort is made to provide flat areas for playground sports. A nominal annual fee is charged for this use.

In addition to the summer program of this type of recreation, is the winter sports program, which follows the same general pattern. There are six winter organization groups, all located in the Donner Summit area. They are the Alpineer Club, Oakland Ski Club, Richmond Sports Club, Sierra Club, Sitzmark Ski Club, and the University of California Ski Club.

There are 14 organization sites for summer which are named here so one can see the group type and its home location. Placer-Nevada 4-H Clubs, Mt. Diablo Girl Scouts, Grass Valley Girl Scouts, Land Park Improvement Association (Sacramento) for Girl Scouts, Camp Talawanda Girls Camp (San Francisco), Nature Friends (San Francisco, Sacramento Girl Scouts, Morman Church (Sacramento), San Francisco Campfire Girls, San Francisco State College, Travis Air Force Base, Woodland Girl Scouts, Yolo County YMCA, and the Yuba-Sutter Campfire Girls.

Big Bend District Personnel

Here are thumbnail sketches of our Big Bend Ranger District personnel. This is given now as the large portion of the organization camps are located on that district.

The Big Bend Ranger District straddles Highway 40 from about Baxters to Donner Summit. It is bounded on the southeast by the North Fork of the American River and on the north by a series of ridge tops some 10 miles from the highway. It is the center of the winter sports activities of the Far West. The station layout is located just east of Cisco, California.

In charge is Ranger Max Williamson, a veteran of 15 years experience. Max is a Forestry graduate from the Penn State College in 1937. He started his Forest Service career in 1934 working seasonally in New England and has seen service on New England timber salvage project and Shasta National Forest. He came to the Tahoe in his present capacity in 1945.

Assistant Ranger is John Nellis, a young starter in forest administration. John is a forestry graduate from New York State College in 1950. He worked seasonally while going to school on the Ochoco National Forest in Arizona and received his formal appointment on this forest in 1951. He had several assignments on the forest before going to Big Bend in 1953.

Signs Installed To Designate Highway 40 Alternate Route

SACRAMENTO — Signs which will designate the present State Sign Route 24 from near Sacramento to the Nevada state line as U. S. 40 Alternate are being delivered, and posting of the route will be started this week, Director of Public Works Frank B. Durkee announced today.

Existing state sign route markers will be replaced by U. S. shield signs with separate plates reading "Alternate."

For the first 10 miles northerly, from its intersection with U. S. 40 in Solano County to Woodland, the new alternate route will be designated both U. S. 40 Alternate and U. S. 99W. A new section of highway to connect the intersection with the present U. S. 99W at the Woodland Wye is nearing completion.

From Woodland, U. S. 40 Alternate will follow the present Sign Route 24 through Yuba City, Marysville and Oroville. Thence it will continue along the Feather River (Feather River Highway), through Quincy, to a junction with U. S. 395. It will then follow U. S. 395 southerly to Reno, which will be the easterly terminus of U. S. 40 Alternate.

The length of the new route in California is 222 miles. In addition there are 16 miles in Nevada, making an over-all total of 238 miles.

With the new designation, motorists following U. S. 40 in either direction will have a choice of routes over the Sierra Nevada marked with the transcontinental highway number, and an alternative incase one route is blocked, as was U. S. 40 over Donner Summit during the severe storms of early 1952 and by a slide in Nevada this year.

From an approximate elevation of 60 feet at its western terminus in the Sacramento Valley, the new U. S. 40 Alternate follows a highly scenic route along the Feather River and through the mountain passes. It has a maximum 6 per cent grade and crosses the mountain summit over Beckwourth Pass at an elevation of 5,260 feet.

Assignment of the alternate route number was approved by the American Association of State Highway Officials, which, in cooperation with the various state highway departments, integrates the numbering of national highway routes.

Passing On Right By Cars is Deadly

SACRAMENTO—Passing on the right may be a short cut to the cemetery.

A recent rash of violations of right hand passing provisions prompts this warning from the California Highway Patrol.

"Passing on the right of another vehicle is permitted only on multiple-lane divided highways, one way streets, city streets wide enough for two lanes of traffic in either direction, and highways outside cities that are clearly marked for four lanes of moving traffic," explained Patrol Commissioner B. R. Caldwell.

"Many motorists have acquired the mistaken impression that the intention to make a right turn at an intersection entitles them to pass to the right of a long line of vehicles stopped for a traffic signal on a two lane street. The driver of a motor vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event, however, shall such movement be made by driving off the paved or main portion of the highway."

"In California last year 114 fatal accidents were caused by improper passing, and an additional 1552 injury accidents resulted from these same violations in the unincorporated areas of the state alone. Unfortunately, the improper passing movements by motorists which caused practically every one of these deaths and injuries were calculated maneuvers," he declared.

"Part of this problem will be solved if motorists traveling at speeds slower than the normal flow of traffic will remain in the right hand lane as required by law," Caldwell added.

By Congressman Clair Engle

Lumbermen Protest Timber Sales Policies

The interest of the people of my District in the pricing and marking of timber was strongly shown at the hearing here in Washington on March 11 and 12, which was held for the purpose of investigating the present Forest Service policies.

The witnesses from my area included Charles Gray of the Stockton Box Company, which operates at Dorris, Delleker, North Fork Truckee and other places throughout my District; Dean Stowell of the Meadow Valley Lumber Company in Plumas County; James Manter of Wildwood Lumber Company of Tehama County; George Duff of the Cal-Ida in Placer and Sierra Counties; G. N. Dodge of G. N. Dodge Lumber Company, whose operation is in Nevada County; Lloyd Helmer of Polson, Montana; Stanton G. Ready of Winchester, Idaho; and Pat Thompson of the Western Lumber Manufacturers, Inc., of San Francisco, representing a large number of lumber operators in Northern California. A statement was filed on behalf of Harry Edgerton of the Edgerton Lumber Company at Adin.

Claim Prices Too High

All of the testimony bitterly complained about the present pricing an dtimber marking policies of the National Forest Service, which are inflicting serious financial hardship upon the lumber industry. It was testified that stumpage prices charged by the Forest Service for timber in the national forests, upon which many operators are wholly dependent, runs between two and three times the average price in private transactions between individuals.

Moreover, the operators complained about the profit-fixing policies of the Forest Service, which they not only regard as wrong in principle but as establishing profit margins entirely too small for the high risk lumber business. They denounced the form of contract which they are required to sign with the Forest Service in order to secure timber in the National Forests, which makes them completely subservient to the domination and control of Forest Service officials.

Policy Discussion Set

The Forest Service appeared at the hearing, denied all of the charges made by the lumber operators, but agreed to sit down and talk over the suggested changes in policy with the operators at a meeting next month. The committee agreed to keep the matter under consideration pending the result of these discussions. I urged the committee to call in the Secretary of Agriculture and his assistants at the policy-making level in the Department for the purpose of a complete re-examination at the highest level of current Forest Service policies.

LIONS WIN GAME FROM 20-30 CLUB

Last Thursday night the Lions Club accepted a challenge from the 20-30 Club to a game of basketball and it was to be a game between the so-called old men against the young men. The final score was Lions Club 46, 20-30 Club 30.

Both teams entered into the spirit of the game with the 20-30 Club wearing diapers and ribbons in their hair, and the Lions appeared on the court wearing long underwear. Both teams had trouble keeping costumes in order and from all appearances the longies that the Lions Club were wearing saved a number of floor burns during the course of the heated battle.

The high scorers in the game were Jim Brahler of the Lions Club and Willie Curran of the 20-30 Club. The Lions Club had only six men on their team and it is a game that they will never forget because, they have been doctoring their stiff muscles ever since.

Visit Relatives—

Mr. and Mrs. Robert Leamon and children and Mr. and Mrs. Walter Barrett visited Mr. and Mrs. Douglas Barrett in Sacramento on Saturday. The Leamon family joined Mr. and Mrs. Omar Alexander and daughter, Patty at the home of Mr. and Mrs. James Leamon at Grizzly Island.

Small Increase In Snow Moisture Is Reported

RENO—Snow surveys on Little Truckee watershed made after last week's storms show that the recent storms were not as beneficial to the mountain snow cover as appeared from here in Reno.

Norman Hall and Donald Smith of the local Soil Conservation Service office report that the snow pack on Little Truckee increased only 10 per cent during March while the normal increase is about 20 per cent. This means the snow stored water on this watershed is only about 80 per cent of normal for April 1.

This week the remainder of the April snow surveys on Truckee, Tahoe, Carson, Walker, and the rest of Nevada are being made in order to arrive at the coming seasonal forecasts of water to be expected throughout Nevada during the irrigation season.

Results of all of these surveys are sent to the State SCS office where, under the supervision of George Hardman, they are checked, correlated and published as the April bulletin of Nevada Cooperative Snow Surveys.

In Hospital—

Mrs. Anton Mayer, an employe of the Tahoe Forest Hospital, is a patient there this week undergoing medical treatment by Dr. Sidney Kase.

ENGLE FILES FOR REELECTION ON BOTH TICKETS

Clair Engle

WASHINGTON — Congressman Clair Engle (D), Red Bluff, of the Second Congressional district, has filed for re-election in the June 8 primary on the Democratic and Republican tickets.

Congressman Engle, who was first elected in 1943, is the senior Democrat on the Committee on Interior and Insular Affairs, which handles legislation pertaining to irrigation, mining, livestock, lumbering, recreation, public lands, and other matters of particular importance to his district.

As the senior member of the Subcommittee on Irrigation and Reclamation, Engle is recognized as one of the leading authorities in Congress on water problems. He is the author of all additions to the Central Valley Project since it was started, including the Folsom project on the American River, the Sly Park project in El Dorado County, the Sacramento Valley Irrigation Canals, and the Trinity River project. He also is the sponsor of legislation to enable local districts to develop and build their own projects.

Celebrates Dates—

Messrs. and Mesdames Nat Quilici, Glenn Lee, Fred Pedley celebrated the wedding anniversaries of the first two couples in San Francisco last weekend.

Breaks Both Legs—

Dean Ninteman, 28, Pasadena, was transferred from the Tahoe Forest Hospital to a Reno hospital Tuesday for specialized treatment after a ski accident in which he broke both legs.

Returns Home—

Mrs. Frank Gaiennie has returned home following an operation performed at Reno last week.

Glenns Travel—

Mr. and Mrs. Wilber Glenn arrived home Sunday from a trip to Buffalo, New York. En route they bought a new automobile. Charles, first son of the couple stayed with Mr. and Mrs. J. Straub and Wilber, Jr., and Russell visited relatives in Oroville while their parents went East.

Family Visits—

Richard Joseph and his sister, Mrs. Roxie Archie are visiting Mr. and Mrs. Russ Caplan and their son, Richard LaVon in Los Angeles. Before returning home they expect to go to Mexico and may continue to Washington.

C. S. E. A. Meet—

The C. S. E. A. will meet at Cozzi's at 7:30 on April 8 when the business session will be in charge of Daven Morey. The California Fish and Game department will conduct the program.

Tahoe Couple Fete Visitors at Dinner

TAHOE CITY — Guest in the Charles Warner home the past weekend was Mrs. Warner's sister, Athena Bates of Downey, Calif. She is secretary to Dr. Chauncey Starr, director of Atomic Energy Research at North American Aviation, Inc.

Highlight of Mrs. Bates' visit was a birthday party for Mrs. Warner last Saturday evening in the theater-restaurant of the Riverside Hotel in Reno.

Guests of the Warners included Mr. and Mrs. Raymond A. Scott of Chowchilla, Calif., who planed to Reno for the occasion, Mr. and Mrs. Oliver A. Thomas of Reno, Mr. and Mrs. C. S. "Butch" Beavers and Robert L. Snyder of Tahoe City and Mrs. Bates.

Berliners Are Parents Of Infant Daughter

Mr. and Mrs. Harold Berliner of Nevada City became the parents of their fourth child on March 26. The little girl weighed 7 pounds ½ ounce on arrival.

Berliner recently announced his candidacy for the office of district attorney of Nevada County.

WARDEN SPEAKER AT JOINT CLUB MEET

CRYSTAL BAY—Rotary Clubs of Truckee, Tahoe City, Brockway and South Tahoe at a joint dinner meeting heard A. E. Bernard, Warden at Carson City prison, speak on penology with the theme of his talk, "Prisoners are People." The warden said he employed that philosophy when he took over the job three years ago by making life termers trustees and not one had violated the trust.

Crime in the U. S., Bernard stated, is costing over 140 million dollars yearly in prisons alone and is increasing yearly at the rate of seven and one half per cent. He recommended segregation of thievarious types of criminals, especially the younger ones, as one means of reduction.

The next joint meeting of the four clubs will be April 12 at South Tahoe when there will be a dress rehearsal for entertainment for the breakfast hour, April 26 during the district Rotary Conference at Sacramento.

Neil Olsen of South Tahoe will be master of ceremonies. On the program will be Jack Wolert of Truckee with Don Snyder and Charles Cross of Tahoe City doing two separate skits.

About 60 attended the dinner meeting at Cal-Vada Lodge.

EDGAR RICE BURROUGHS' Tarzan ®

AFTER A BRIEF INTERVIEW WITH AN APE TRIBE, TARZAN DEPARTED IN SEARCH OF THE TARMANGANI WHO HAD CAPTURED THEIR LEADER.

AFTER LONG, DARK HOURS TARZAN WAS ATTRACTED BY THE CLAMOR OF CREATURES IN DISTRESS. HE FOLLOWED THE SOUND TO A VILLAGE, WHERE --

TWO WHITE MEN STOOD GUARD OVER DOZENS OF CAGED BEASTS--INCLUDING GOYAT, THE KING APE!

WITH A SNARL OF DISAPPROVAL HE LEAPED DOWN TO CONFRONT THE STARTLED MEN.

"YOU HAD NO RIGHT TO TRAP THESE ANIMALS--RELEASE THEM!" HE SAID COLDLY... "NOW, TAKE IT EASY, STRIPER," SOOTHED ONE MAN.

"EASY MY EYE!" RAGED STRIPER, KNOCKING HIS PARTNER ASIDE. "I DON'T KNOW WHO THIS JOKER IS, BUT--"

"HE SHOULD OF LEARNED TO MIND HIS OWN BUSINESS--AND THAT LACK OF SCHOOLING WILL COST HIM HIS LIFE!"
